

Control Pet Stains & Odors The Biodegradable Way

Urine • Feces • Vomit • Blood & More

We recently lost a kitty, Georgette (pictured), to metastatic cancer. During her 3½ month decline and 24-hr. care, we cleaned up lots of messes. But DooDoo Voodoo totally eradicated the stains and odors...and now our carpet looks like new again. You, too, can fix your stain & odor problems easily, quickly and affordably with DooDoo Voodoo®.

Proven in our nonprofit spay/neuter clinic & animal rescue facilities, it even works on tough stains and odors other products have already failed to remove. It can often salvage "trashed" carpet & pad you otherwise might have to replace.*

- ★ **Fully biodegradable formula:** Safe for people & pets, and environmentally friendly. Our primarily "green" ingredients work great and leave no overpowering scent.
- ★ **Versatile:** Works on pet & human urine, vomit, blood, feces, spilled milk, etc., on carpet, upholstered furniture, tile, vinyl, concrete and more. You can also use DooDoo Voodoo in your carpet cleaner, hard surface cleaner & washing machine. It has a virtually unlimited shelf life, too.
- ★ **Nothing is easier:** Available RTU (ready-to-use) in a sprayer bottle or in Concentrate form to which you just add tap water.
- ★ **Blended and bottled in Indianapolis,** so your purchase supports the local economy and helps local animals in need.

Visit our website & read our customers' glowing testimonials.

You'll be glad you did!

**Available At Top Indianapolis-Area Vet Clinics,
Plus Online. Try Our Clumping Cat Litter, Too!**
